הרב שלמה ריסקין
רב העיר

To Whom It May Concern:

Magen Yehudah provides training for the *Kitot Koninut* whose purpose is to provide immediate emergency security services to communities in Israel. This organization is crucially important for the security of our area; unfortunately the IDF due to drastic budget cuts cannot provide the necessary training which can mean the difference between life and death. The soldiers in *Kitot Koninut* are of the highest caliber!

Sincerely,

Shlomo Riskin
